COVID-19 at a Glance

# California COVID-19 By The Numbers

April 7, 2020

Numbers as of April 6, 2020

For county-level data:  
[data.chhs.ca.gov](http://data.chhs.ca.gov)

## CALIFORNIA COVID-19 SPREAD

# 15,865

### Total Cases

#### Ages of Confirmed Cases

- 0-17: **197**
- 18-49: **7,753**
- 50-64: **4,344**
- 65+: **3,516**
- Unknown/Missing: **55**

#### Gender of Confirmed Cases

- Female: **7,600**
- Male: **7,957**
- Unknown/Missing: **308**

#### Hospitalizations

Confirmed COVID-19  
**2,611/1,108**  
Hospitalized/in ICU

Suspected COVID-19  
**2,796/522**  
Hospitalized/in ICU

# 374

Fatalities

Stay Home. **Save Lives.**

[covid19.ca.gov](http://covid19.ca.gov)

- **269 positive cases are healthcare workers.**
- **County numbers can be found here:**  
<https://data.chhs.ca.gov/dataset/california-covid-19-hospital-data-and-case-statistics>

- **Nationwide COVID-19 Numbers**
  - **As of April 7, there have been 12,064 deaths.**
  - **374,329** cases reported in 55 jurisdictions (50 states, District of Columbia, Puerto Rico, Guam, Northern Marianas and US Virgin Islands).
  
- **Taskforces stood up by the State Operations Center (SOC) to address various COVID-19 response issues:**
  - Communications/Crisis Communications (ESF\* 2/ESF 15)
  - Transportation and Infrastructure (ESF 1/ESF 3)
  - Housing and Social Services (ESF 6)
  - Logistics/Commodity Movement (ESF 7)
  - Fire/Law Enforcement (ESF 4/ESF 13)
  - Public Health and Medical (ESF 8)
  - Schools Task Force
  - Economic Impact/Recovery Task Force
  - Volunteers & Philanthropy (ESF 17)
  - Innovation & Technology Task Force
  - Cybersecurity (ESF 18)
  - Corrections Facilities & Hospitals
  - Future Opportunities
  - Workforce Development & Surge Capacity
  - **Testing Taskforce**

*\* Emergency Support Function*

- **PPE and Medical Supply Requests**
  - Resource requests for health care providers and facilities are handled through local public health departments to CDPH. The requests are submitted to the Medical Health Operational Area Coordinator (MHOAC), through the Regional Disaster Medical Health Coordinator (RDMHC), which are then sent to the CDPH Medical and Health Coordination Center (MHCC).
  
  - This way all equipment requests can be tracked and prioritized appropriately, and they are fulfilled as quickly as possible.
  
  - The local health facilities know this process well and have been properly submitting requests.

- We know these requests are very urgent, which is why the MHCC is working closely with the State Operations Center (SOC). Emergency Medical Services Agency (EMSA) is also embedded in the SOC to help facilitate those requests.
- **PPE delivered to date 4/7/20:**
  - **659,000 gowns**
  - **607,000 face shields**
  - 2.3 million gloves
  - 3,196 coveralls
  - 109,558 goggles
  - **41 million N95 Masks**
  - **6.3 million procedural masks**
- **State Owned Ventilators**
  - **Modeling shows demand will peak in late May.**
  - **The 500 ventilators were loaned and will be returned**
    - **100 to New York**
    - **100 to New Jersey**
    - **100 to Illinois**
    - **50 to Maryland**
    - **50 to Washington, D.C.**
    - **50 to Delaware**
    - **50 to Nevada**

## Cal OES Webinar for Local Governments: Procurement Standards for FEMA Public Assistance Awards

- An open invitation for all local governments in California that are making purchases in direct response to the COVID-19 pandemic.
- This training will assist local governments apply for FEMA Public Assistance, and to apply the federal procurement under grant standards – a requirement of receiving FEMA Public Assistance to help pay for the cost of responding to the COVID-19 Pandemic.

- These are virtual trainings that will be hosted on BlueJeans, which only requires a mobile phone or a computer with an internet connection to view and participate.
- To provide ample opportunity to take this training, the training will repeat every day starting Wednesday April 1st, 2020, through Tuesday April 14th, 2020 with a morning and an afternoon session.
  - Morning Session: 10:00 AM to 12:00 PM
  - Afternoon Session: 3:00 PM to 5:00 PM
- To join the presentation:
  - Use the following hyperlink. Chrome works best :  
<https://bluejeans.com/904327884?src=calendarLink>
  - Or download the iPhone or Android app
    - Meeting ID: 904 327 884

### Recovery Questions

- If local governments have specific questions about COVID-19 recovery please to send them to [disasterrecovery@caloes.ca.gov](mailto:disasterrecovery@caloes.ca.gov) .

### Actions Taken by the State and Federal Government

- **April 7, Governor Gavin Newsom addressed Californians about mental health during the COVID-19 pandemic. Click [here](#) to view the briefing.**

**The Governor also signed an [executive order](#) to help the state procure necessary medical supplies to fight COVID-19, which included exempting PPE from sales tax.**

- April 6, recognizing that states like New York are experiencing immediate supply shortages as a result of COVID-19, Governor Gavin Newsom today [announced](#) that California would help meet this moment by loaning 500 state-owned ventilators to the Strategic National Stockpile inventory.

Governor Gavin Newsom also [announced](#) that California is making progress in securing additional beds to treat COVID-19 patients and relieve pressure on the health care delivery system. The Governor announced California has already secured up to 4,613 additional beds at

**Cal OES**  
GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

**CHHS**  
California Health & Human Services Agency

 California Department of  
**Public Health**

alternate care sites and shuttered hospitals to care for an anticipated surge in COVID-19 patients, with even more capacity being finalized.

- April 4, Governor Gavin Newsom announced the launch of a new website, [covid19supplies.ca.gov](https://covid19supplies.ca.gov) to get critical medical supplies to the front lines of California's fight against COVID-19. The website will allow individuals and companies to donate, sell or offer to manufacture 13 of the most essential medical supplies, including ventilators, N95 respirators and testing materials.

Governor Newsom also announced the COVID-19 Testing Task Force, a public-private collaboration that will work with stakeholders across the state to quickly and significantly boost California's testing capacity. The Task Force plans to scale up testing as demand increases.

The Governor also signed an executive order that will facilitate childcare for children of essential critical infrastructure workers by allowing the California Department of Education and California Department of Social Services the flexibility to waive certain programmatic and administrative requirements in response to the COVID-19 pandemic. Executive order can be found [here](#).

- California State Association of Counties and the California Association of County Treasurers and Tax Collectors [announced](#) that counties will use all existing authority to cancel penalties and other charges for homeowners, small businesses, and other property owners that are unable to pay their property taxes due to circumstances caused by COVID-19 on a case-by-case basis. However, property owners who can pay or that haven't been directly affected by COVID-19, including international corporations and out-of-state landlords, still need to pay on time to keep critical government services running.
- April 3 Governor Gavin Newsom signed an executive order to expand protections to medical providers as they amplify the use of video chats and similar applications to provide routine and non-emergency medical appointments in an effort to minimize patient exposure to COVID-19.

The order relaxes certain state privacy and security laws for medical providers, so they can provide telehealth services without the risk of being penalized. This action is similar to the federal HHS Office for Civil Rights

**Cal OES**  
GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

**CHHS**  
California Health & Human Services Agency

  
California Department of  
**Public Health**

waiver issued on [March 17, 2020](#) regarding federal privacy and security laws.

- April 3 Governor Gavin Newsom signed an executive order expanding consumer protection against price gouging as California continues to respond to the COVID-19 pandemic.

The order generally prohibits sellers of any kind from increasing prices on food, consumer goods, medical or emergency supplies, and certain other items by more than 10 percent. The order also gives additional tools to the California Department of Justice and Attorney General's Office, among others, to take action against price gougers.

- April 3, Governor Gavin Newsom [announced the launch of Project Roomkey](#)- a FEMA approved, a first-in-the-nation effort to provide safe isolation capacity for tens of thousands of people experiencing homelessness in California in order to protect them and the state from COVID-19.
- The state's effort, Project Roomkey, has set an initial goal of securing up to 15,000 rooms for this purpose and county partners have moved 869 homeless individuals most vulnerable to COVID-19 off the street, out of shelters, and into isolation.
- April 2, Governor Gavin Newsom announced [OnwardCa.org](#), a one stop resource for Californians impacted by job loss due to COVID-19 pandemic. The Governor also [announced \\$50 million](#) in loan guarantees for small businesses that may not be eligible for federal relief, as well as \$17.8 million in new state initiatives to support California workers impacted by COVID-19. The allocation will come from Workforce Innovation and Opportunity Act funds.
- Governor Newsom also issued an [executive order](#) protecting homes and small businesses from water shutoffs on April 2.
- April 1, [Governor Gavin Newsom announced](#) a major agreement between teachers, classified employees, school boards, superintendents, and principals to work together to provide distance learning to California's students as a result of school closures due to mitigation efforts

against the COVID-19 outbreak. The agreement means more kids will be able to get school resources, such as quality distance instruction, and empowers teachers to create lessons within clear parameters.

- The [agreement](#) includes a collaboration framework for school employers and employees to work together on matters of labor and management to minimize any impact to students—including direction on implementation and delivery of distance learning, special education, and meals through the end of the school year.
- The Governor also issued an [executive order](#) expediting the use of funds to support the state's continuing efforts to protect public health and respond to the COVID-19 crisis.
- On March 31<sup>st</sup>, Governor Newsom announced the [Stay Home. Save Lives. Check In. Campaign](#), which urges all Californians to check in on vulnerable neighbors with a call, text or physically distanced door knock.
- March 30, Governor Gavin Newsom launched a new initiative to expand California's health care workforce and recruit health care professionals to address the COVID-19 surge. Health care professionals with an active license, public health professionals, medical retirees, medical and nursing students, or members of medical disaster response teams in California are all encouraged to join the new [California Health Corps](#).
- The Governor also signed an [executive order](#) that will temporarily expand the health care workforce and allow health care facilities to staff at least an additional 50,000 hospital beds the state needs to treat COVID-19 patients. Governor Newsom also signed an [omnibus](#) executive order allowing small businesses a 90 day extension for filing returns.
  - The executive order also includes extensions that impact state government workers, as well as consumers. For instance, the Department of Motor Vehicles will limit in-person transactions for the next 60 days, allowing instead for mail-in renewals. Additionally, the Department of Consumer Affairs will waive continuing education requirements for several professions, also for the next 60 days

- Further, the order will extend the Office of Administrative Law's deadlines to review regular department proposed regulations. The order also extends by 60 days the time period to complete investigation of public safety officers based on allegations of misconduct. Finally, deadlines for trainings, investigations, and adverse actions for state workers will also be extended.
- March 29, California State Parks announced it is temporarily closing vehicle access at all 280 state parks to prevent the spread of COVID-19. Many state parks once again experienced visitation surges that made it impossible for the public to implement appropriate social/physical distancing practices.
- On March 4, Governor Newsom declared a [State of Emergency](#).

### **How Can People Protect Themselves:**

We're all in this together. We are working rapidly to keep our state healthy. Every person has a role to play. Your actions save lives.

#### **DO:**

- Stay home.
- Avoid people outside your household.
- Wash hands with soap and water for at least 20 seconds.
- Cover your cough or sneeze with a tissue.
- Clean and disinfect frequently touched objects and surfaces.
- Maintain a safe social distance of 6 ft whenever outside of the house.

#### **DON'T**

- Leave the house except for essential activities.
  - Shake hands.
  - Touch your face.
  - Go to the doctor if you aren't sick.
  - Stockpile masks or gloves.
- 
- It is also important that anyone experiencing symptoms of COVID-19, call their health care provider first before seeking medical care so that appropriate precautions can be taken.

**Cal OES**

California Department of  
**Public Health**

- Staying away from work, school or other people if you become sick with respiratory symptoms like fever and cough.
- Visit <https://covid19.ca.gov/> for more information about COVID-19 and things you can do to keep you, your family and your community healthy.

### Mental Health

- **All the steps we are taking to slow the spread are necessary, but our emotional support is important to maintain our mental and physical health**
- **The stress we are all feeling right now triggers the biological stress hormone. Stress can show up in individuals differently.**
- **There are simple things you can do at home to protect you or others health and we have developed playbooks that offer practical tools and kits to help manage your stress- for commers and providers.**
- **Call you doctor or mental health professional if you have concerns**
- **Staying at home doesn't mean you are alone**
- **16 hotlines dependent on your situation and other helpful mental health resources available at COVID19.ca.gov**

### About the Disease:

- The family of coronaviruses has been around for some time. Some coronavirus are common, like the ones that cause the common cold. Coronavirus Disease 2019, or COVID-19, is a new a kind of coronavirus.
- The most common symptoms include fever cough and respiratory symptoms. Our experience to date is that most people, more than 80%, have mild or no symptoms, but some have more complicated course, including pneumonia.
- We are learning more about its transmission, but the most common symptoms are respiratory, so its primary mode of transmission is through coughing and sneezing.

## About the Tests:

- As of **April 6, approximately 157,800 tests** have been conducted in California - received from commercial, private and academic labs and the 22 [state and county health labs](#) currently testing.
  - **143,172 have been received.**
  - **14,600 are still pending.**
- Commercial, provider and academic labs have increased testing capacity and are now reporting that data to the state. The biggest labs included in this count include Quest, LabCorp, Kaiser, University of California and Stanford.
- In order to better focus public health resources on the changing needs of California communities, the state is no longer collecting information about California travelers returning from countries that have confirmed COVID-19 outbreaks.
- Community transmission of COVID-19 has been identified in California since late February, and since early March, most confirmed cases in the state were not related to travel outside of the United States.
- The CDC is providing test kits to public health labs in the U.S., including California, to detect the novel coronavirus. The test kits contain all the elements necessary for a laboratory to test and confirm the presence of the disease. Each test kit contains enough ingredients to test between 350 and 400 individuals. As of March 7, there are 25 such kits in California at various public health labs. Additional test kits have been ordered.
- At this time, both oral and nasal swabs are taken at a hospital or by a physician who suspects COVID 19. This is handled through regular procedures for specimen collection, much in the same way flu testing is handled. There are no special materials needed for this collection. Those specimens are delivered, again much in the same way flu specimens are delivered, to the nearest public health lab for testing.
- California is working closely with the CDC to request and receive more testing capacity, as needed. The CDC has fulfilled those requests on an ongoing basis and, as needs expand, California continues to request more testing capacity.

## Small Business Assistance

- [California Small Business Loan Guarantee Program](#) (via IBank) is making available \$50 million in state funding, providing potential capital for individuals who do not qualify for federal funds.
  - Small Businesses located in California with 1-750 employees that have been negatively impacted or experienced disruption by COVID-19 and nonprofits are eligible.
- U.S. Small Business Administration (SBA) has declared all [California counties](#) eligible for the Economic Injury Disasters Loans.
- This SBA declaration, makes available Economic Injury Disaster Loans to impacted small businesses, small agricultural cooperatives, small businesses engaged in aquaculture, and private non-profit organizations.
- SBA loans can be approved up to 2 million dollars but are limited to the economic injury determined by SBA. These loans are intended to assist through the disaster recovery period.
  - In response to the Coronavirus (COVID-19) pandemic, small business owners in all U.S. states, Washington D.C., and territories are eligible to apply for an Economic Injury Disaster Loan advance of up to \$10,000. This advance will provide economic relief to businesses that are currently experiencing a temporary loss of revenue. Funds will be made available within three days of a successful application. This loan advance will not have to be repaid.
  - This advance may be available even if your EIDL application was declined or is still pending and will be forgiven. If you wish to apply for the Advance on your EIDL, please visit <https://covid19relief.sba.gov/#/> as soon as possible to fill out a new, streamlined application.
  - In order to qualify you need to submit this new application even if you previously submitted an EIDL application. Applying will not impact the status or slow your existing application.

**Cal OES**  
GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

**CHHS**  
California Health & Human Services Agency

California Department of  
**PublicHealth**

- U.S. Small Business Administration announced changes to help borrowers still paying back SBA loans from previous disasters. By making this change, deferments through December 31, 2020, will be automatic. Now, borrowers of home and business disaster loans do not have to contact SBA to request deferment.
- Information on these and other programs can be found at:
- <https://covid19.ca.gov/business-and-employers/#top> .
